About Hiking Ventures

Who We Are

Hiking Ventures is a robust, data-drive web application designed to make your life as simple as possible when it comes to planning your hiking trips. Take the stress and hassle out of planning by using our sophisticated system and data. We get it - you're out there wanting to make memories, have fun, and not worry about the little details. Using Hiking Ventures will streamline your planning so that you can escape the everyday and go on the trip of your dreams.

How To Use This Site

Take a look at the snapshot descriptions below to learn what Hiking Ventures is capable of to aid in your trip planning.

Go the **Hiking Trips** page to manage all of your trips. Create, view, edit, and delete your trips. You will be able to look at lists of travelers and equipment for each trip plus take a look at the map of the trip route.

The **Trails** page is the place to manage trails within the system, so add, view, edit, and delete trail information. Also take a look at location information for each trail and trips associated with each one.

Here on the **Travelers** page you will be able to add, view, edit, and delete information for each traveler in the system. Take a look at the all the trips the traveler has been on as well as future trips.

Go to the **Equipment** page to add, view, edit, and delete equipment information. Check out photos for each equipment available in the storeroom and trips associated with each equipment type.

The **Locations** page is the place to check out more detailed information regarding location specifics. Add, view, edit, and delete its information here. You will be able to see what trails and trips are happening in each location as well.
